**Subject:** Estimate 12440 from Brown Safe Manufacturing

Mr. Kalaga,

Thanks for your interest in our Man Safes, please review the attached estimate and verify everything is correct. We don't typically discount our products however since you're buying more than one unit, I was able to apply a discount for multiple safes. This is the best pricing I can offer.

We require a 50% deposit to start the order and accept all forms of payment including AMEX, MC and Visa, my CC authorization form is attached or you can call me with this information. Lead time on these safes is approximately 6 weeks.

In addition to building your safe we will coordinate the delivery and installation, ensuring a pleasant experience. Let me know if you would like me to get an installation quote for you.

We are a third generation family owned company, it brings us great pride to provide security and steadfast service for you and your family.

I look forward to working with you on this project and would be happy to address any questions you may have. Please feel free to contact me anytime if I can be of further assistance.

Thank you,

Matt C. Goldstein - Director of Sales

Subject: Estimate from Brown Safe Manufacturing

Sudhakar,

Please review the final estimate for the safe with 18 winders.

I can do 25 ft. cords on the light and dehumidifier, not going to be an option on the winders. Let me see what we can offer for this.

In the meantime, if you want to get rolling, see attached.

Sincerely,

Brown Safe Manufacturing
